Dear Terry,

August 1st will be the 2 month anniversary of my personal injury law firm. This letter of gratitude and appreciation is two months delinquent. I came to you in mid May with the daunting task of finding a lease location for my new business—and moving into it—within a two week time frame.

I am most thankful for your personal knowledge of the Venice area commercial market, your personal attention, your tenacity in dealing with property owners and other brokers, and your patience in putting up with all my requests. It is rare in this day and economy to find a professional with impeccable work ethic and honesty, who possesses a sincere desire to strive and deliver exactly what his clients are searching for. You spent many hours with me in person, and by phone, keeping me totally informed—and because of your efforts my nearly impossible goal of settling into an office in 2 weeks was accomplished!

I couldn't have done it without your direction and support. I would not hesitate to recommend your services to other potential clients.

Very truly yours,

A handwritten signature in blue ink that reads "Catherine Gemma". The signature is fluid and cursive.
